

**INSTITUTE FOR RETIRED PROFESSIONALS
OBSERVER JULY 6, 2020**

DIRECTOR'S NOTE

Dear all,

As your summer session I study groups have wound down, I hope you are able to pause (if only briefly!) and reflect on readings, on discussions, and the context in which we are studying and living. It is abundantly clear from the meet and greet sessions the importance of IRP in members' lives. Further, so many are committed to making this community even stronger and our team is excited to work with you towards that goal, even while we meet, learn, and teach remotely.

I will host office hours tomorrow, **Tuesday July 7** from 12-1pm, please join me in my [virtual office](#). Read on for some important reminders and resources:

- [This evolving document](#) includes information about the Graduate Center's IT Resources, affiliate benefits, and virtual events and programs. Check it out! We have also included some events offered this week in the Resources section of the Observer – read on.
- Remember to [set up your GC email account](#), as all official correspondence from The Graduate Center (and CUNY) will be directed to that email address.
- For example, starting **July 13** (next Monday), we will send the Observer to your GC email address. We don't want you to miss important program news and announcements!

Our team looks forward to kicking off summer session two with you next week.

Best,
Mariel

ADMINISTRATION

Payment Summer School

Because of a glitch in the directions for paying summer school tuition, some members have overpaid. The Graduate Center has clarified the directions and is processing refunds for anyone who overpaid. **The correct tuition is \$125 for one study group and \$200 for two OR MORE study groups OVER THE TWO SESSIONS.** You should not pay more than \$200, no matter how many study groups you are taking.

If you enrolled in summer study groups, you should have received a link to an Eventbrite page to submit payment by credit card for summer sessions one and two (combined). Payment is due August 28. Please be in touch with engagement@gc.cuny.edu should you have any questions about your payment. The link was sent to your Graduate Center email address.

If you have not activated this email account, you should do so now.

IRP's Tech Committee will help you set up your account. For instructions see:

<https://sites.google.com/view/irptechstuff> and remember you can always access your mail at:
<https://wa.gc.cuny.edu/owa>.

Admin Questions/Requests

Questions about administrative issues, including Add/Drops for Study Groups, Leave of Absence requests, payments, or any other administrative matters, should be directed to our team at The Graduate Center: Mariel, Ariana and Olena. You can reach the team by sending an email to:
engagement@gc.cuny.edu

Admin Reminders

Observer Schedule

Please submit your items to Leslie Davis by the end of the day on Friday for inclusion in Monday's issue. Items submitted after Friday will be saved for the following week.

IRP/IER in Your Estate Plans

Please note: If your estate plan has a grant or bequest to the IRP, it will go to the New School unless you change it to be directed to Institute for Education in Retirement, a New York 501(c)(3) nonprofit corporation. **As you may know the IER is the IRP's new tax-deductible entity.** The contact for processing such bequests is treasurer@iernyc.com.

FROM THE TECH COMMITTEE

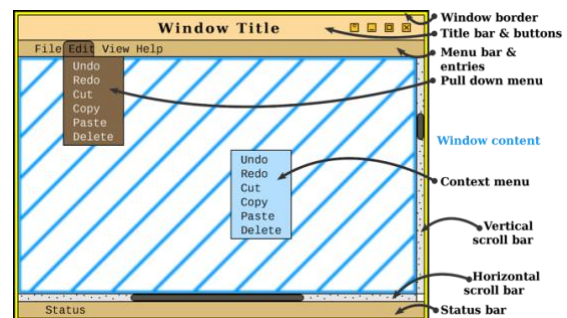

Tech Talk

IRP's Tech Committee is sharing tech-related HOW TO YouTube videos we think may be helpful to members. Here is the second one.

Computer Windows: What They Are; Why YOU Want to RESIZE Them; AND HOW TO DO IT

What's a Window?

We are talking Computer Windows here. A window is an area on the screen that displays information for a specific program. Windows are used by most applications as well as the operating system itself. A typical window includes a title bar along the top that describes the contents of the window, followed by a toolbar that contains user interface buttons. Most of the window's remaining area is used to display the content. Here's an example:

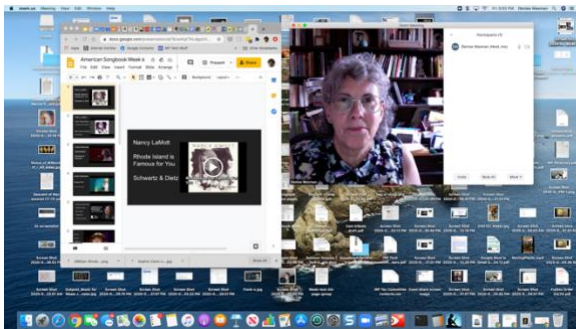

Most windows can be opened, closed, resized, minimized, and moved around the screen. The close, minimize, and zoom buttons are located on the title bar **(on the right side on Windows and the left side on Macs)**. Minimizing a window will close the contents of the window, but store a reference to it in the Taskbar (Windows) or the Dock (Mac). Closing a window will make it disappear completely.

Why Resize a Window?

When you can resize and move windows around on the screen then you can see two windows (or more) in full next to (or above and below) each other. And other things. For example: You can easily copy content from one window (the internet) and paste it in another (a document).

The screen shot below shows Desktop with 2 windows side by side:

- A Browser window with a Google Slide show. (Courtesy of Doris Wallace)
- A Zoom Meeting window. (Only one participant, but you get the idea)

Having the 2 windows side by side makes it easier to see what you are doing and manage changes to both.

How to Do It

Here's a simple basic step-by-step guide to resizing a window in both Windows and macOS.

<https://www.computerhope.com/issues/c001478.htm>

Here's another easy way (without clicking and dragging) to arrange 2 windows side by side on a Mac with the newer Catalina OS.

CUNY 24 Hour Chat Room

The 24/7 Zoom Chat Room has moved, but the same link, <https://sites.google.com/view/irptechstuff>, will lead you to the new room, which functions just like the old one. It's used for Pour at Four on Fridays and some other regular IRP get-togethers. You can also use it for an ad hoc Zoom meeting with IRPers whenever you like.

ANNOUNCEMENTS (ALL ARE REMINDERS)

Shooting Birds with a Camera Tuesday, July 7, 1PM

Peter Houts will facilitate an illustrated Zoom talk with discussion, showing how to create attractive, interesting photographs of birds. Please email Peter at psh2@psu.edu if you plan to attend so that he can email you about how to log into the program.

Book Discussion Group

White Fragility by Robin Diangelo
Wednesday, September 9, 1PM

This groundbreaking New York Times bestseller by a prominent antiracist educator will be the subject of a timely discussion. To sign up, email Joy Schulman at joyschulman@gmail.com and she will send you a Zoom invite. Order the book soon—it sells out fast. There is also a Kindle edition.

Call for Activities/Volunteers

Between Summer and Fall Terms

The Community Project seeks members to lead activities during the break from August 24th to September 10th. Just as in our earlier break, your activity can meet one, two, or three times.

We also invite summer coordinators to offer a one-session favorite “encore” presentation from their summer session study group. Please submit your activity to Jan Adler at: adlerjan@optonline.net.

Advances in Civilization

ONLINE ART SHOW

Title: Dusk at West 100th Street
By **Ken Witty**

From Ken: I was walking home one evening and saw this sky as the sun descended over the Hudson River. In seconds the light turned from orange to purple. I used my I-Phone to photograph the scene at different moments. I painted from two of them - this one and a second canvas in a purple cast.
