

Registration: Registration information is emailed to members prior to the start of each semester. It is expected that all registrations will be completed by the end of the registration period. Registration is completed online and by lottery. Members rank their preferences and note how many study groups they would like to enroll in and the Office of Academic Initiatives and Strategic Innovation runs the lottery with the goal of providing members with their first and/or second choices. No member can take two film study groups in one term. A member must take a minimum of two study groups unless granted special exception by the Director. Similarly, a member must be granted Director permission to add a fourth study group. No waiting lists are kept for registration.
